

This is to certify that
RAMCO (UK) Limited

Church Road South, Skegness, PE25 3RS, Lincolnshire

Has been assessed
by Peter Child for IT Governance Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Internet facing infrastructure for RAMCO Limited. This includes the equipment location at the office in Skegness

Certification date: September 27th, 2017

Recommended re-assessment date: **September 26th, 2018**

Certificate no.: 1750950963890227

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
